

Ecological awareness

Together, let us act for the environment!

We are happy to welcome you in our establishment.

Since its renovation, the Hotel du Printemps and its staff makes of the environment a major concern.

Thank you for participating with us in these efforts, the nature also will thank you for it.

Your eco-friendly gestures

- I switch off the light and the electric devices when I leave the room
- I throw my waste to the trash can
- I throw my piles in the collection tub
- I do not modify the temperature preset on 19 ° C in the winter and 23°C in the summer
- I save the water and I fight against the leaks
- I reuse my hand towel

For us, for you and for the future generations, we fitted out the hotel to minimize as much as possible its environmental impact.

Energy

- central switch in all the rooms
- Use of television sets labeled European-Eco
- Use of energy-saving bulbs in rooms
- Use of detectors of presence in common areas
- progressive replacement of all the other bulbs by economic bulbs (led)
- reversible air conditioning using hot air pumps
- individual regulation of the temperature in rooms
- centralized Control of the temperature of rooms
- regular cleaning of the filters of air conditioners
- monthly measure of energy consumptions (electricity, gas)

Water

- Installation of shower in all the rooms
- Faucet factory equipped with reducer of water consumption
- Proposal to the customers if they wish to keep their towels
- Flushes at 2 levels
- Use of a system of automatic watering according to the pluviometer
- Use of professional washing machines with short cycle
- monthly measure of the water consumption

Waste

- Use of welcome gifts Ecocert
- Sorting of electric cells
- Use of cartridge of recycled printers
- Preservation of sheets(leaves) printed on the front for use as draft

Noise

- double-glazed windows
- soundproof room doors
- insulating gasket and threshold on all the room doors
- Limitation of the sound level of television sets
- embedded flushes supports

Transport

- Presentation of the public transportation to the guests and the delivery of a map
- Information about the use of Vélib and the public parking lot Nation-Picpus

Cleaning products

- Use of adapted products and respect for the good dosages
- increasing Use of ecological products environment-friendly

Purchases / investments Procedure

- consideration of the energy consumption during the selection of the goods / services
